The original solicitation of proxies by mail and email may be further supplemented by solicitation by telephone, mail, email and other means by certain officers, directors, employees and agents of the Company, but they will not receive additional compensation for these services. The Company will bear the cost of the solicitation of the proxy cards, including postage, printing and handling, and will reimburse the reasonable expenses of brokerage firms and others for forwarding material to beneficial owners of shares.

If a quorum is not present within half an hour from the time scheduled for the Meeting, the Meeting will be adjourned to the same day, time and place in the following week, or to a day, time and place as proposed by the Chairman of the Board with the consent of the majority of the voting power represented at the Meeting in person or by proxy and voting on that subject. At an adjourned Meeting, any two

AMENDMENT TO THE COMPANY'S STOCK OPTION PLANS

The Company's Board of Directors recently performed a review of the Company's stock option plans. The Board of Directors concluded, among other things, that the Company is at the lower end of the scale in terms of net stock option grants (*i.e.* options granted annually less outstanding options expired, terminated or cancelled), when compared to companies that the Company believes to be its industry peers.

The following table sets forth certain information regarding the annual option grants and net annual option grants under the Company's stock option plans in the calendar years 2000 through 2003:

<u>Year</u>	<u>Annual Option Grants</u>	<u>Net Annual Option Grants</u>	<u>Net Annual Option Grants as a Percentage of Ordinary Shares Outstanding (1)</u>
2000	3,311,415	2,005,924	0.85%
2001	2,615,378	490,416	0.20%
2002	6,945,530	5,229,684	2.13%
2003	5,370,225	3,765,167	1.51%

(1) Calculated based on the number of Ordinary Shares outstanding as of December 31 of the respective year.

The Company's Board of Directors also reviewed the appropriateness of the number of Ordinary Shares currently reserved for issuance under the Company's stock option plans. The review concluded that the number of shares reserved for issuance under the Company's stock option plans exceeds the number of

shares necessary for the expected net grants to employees, consultants and service providers in the foreseeable future. The Company's Board of Directors therefore determined, on May 6, 2004, to reduce the number of shares reserved for future grants under the Company's stock option plans by an aggregate of 60,000,000 Ordinary Shares. This reduction has already been implemented. As of May 7, 2004, the aggregate number of shares reserved for future grants under the Company's stock option plans is 45,174,093 Ordinary Shares.

ITEM 4 – PROPOSAL TO AMEND DIRECTORS' COMPENSATION

The Board of Directors Option Grant Program currently provides that each non-employee director who is first elected or appointed to the Board of Directors shall automatically be granted an option to purchase up to 30,000 Ordinary Shares on the date of such initial election or appointment, vested over a four-year period. In addition, on the date of each annual meeting of the Company's shareholders, each non-employee director who is to continue to serve as a non-employee director after such annual meeting shall be granted a fully-vested option to purchase up to an additional 18,000 Ordinary Shares, provided that the director has served as a non-employee director for at least six months prior to the date of such annual meeting.

In addition, each non-employee director receives annual compensation of \$15,000 for service as a member of the Board of Directors and \$5,000 for each membership on a committee of the Board of Directors. Furthermore, each non-employee director receives a \$1,000 per-meeting fee for each meeting in which the non-employee director participates.

The Board believes that the Board of Directors Option Grant Program is an important factor in attracting and retaining highly-qualified individuals to serve on the Company's Board of Directors and in motivating such individuals to devote their maximum efforts toward the advancement of the Company. After comparing the Board of Directors stock option grants by the Company with stock option grants to non-employee directors of companies that the Company believes to be its industry peers, the Board of Directors determined that in order for the Company to remain competitive in attracting and retaining such individuals to serve on the Company's Board of Directors, the option grants to non-employee directors should be increased. Therefore, it is proposed to increase the option grant to each non-employee director who is first elected or appointed to the Board of Directors to an option to purchase up to 50,000 Ordinary Shares, vested over a four-year period, and to increase the option grant to each continuing non-employee director to an option to purchase up to 25,000 Ordinary Shares, vesting in equal monthly installments over a one-year period, all at an exercise price equal to 100% of the closing price of the Ordinary Shares on the NASDAQ Stock Market on the date of grant.

It is proposed that the following resolution be adopted at the Meeting:

“RESOLVED, that the Board of Directors Option Grant Program be amended to provide that on the date of each annual meeting of the Company's shareholders beginning with the 2004 annual meeting of the Company's shareholders, (i) each non-employee director who is first elected or appointed to the Board of Directors shall be granted an option to purchase up to 50,000 Ordinary Shares, vested over a four-year period, and (ii) each non-employee director who is to continue to serve as a non-employee director after such annual meeting shall be granted an option to purchase up to an additional 25,000 Ordinary Shares, vesting in equal monthly installments over a one-year period, provided that the director has served as a non-employee director for at least six months prior to the date of such annual meeting. The exact number of Ordinary Shares covered by the option to be granted to each non-employee director shall be determined by the other directors in office immediately prior to the date of the annual meeting. The options will be granted at an exercise price equal to 100% of the closing price of the Ordinary Shares on the NASDAQ Stock Market on the date of grant.”

The affirmative vote of the holders of a majority of the voting power represented at the Meeting in person or by proxy and voting thereon is necessary for the approval of the amendment to Board of Directors' compensation. **The Board of Directors recommends that the shareholders vote “FOR” the approval of the amendment to Board of Directors' compensation.**

**ITEM 5 - PROPOSAL TO APPROVE
EXECUTIVE OFFICERS' COMPENSATION**

Under Israel's Companies Law, the compensation terms of directors of the Company, whether in their capacity as directors or otherwise, require shareholder approval. This includes compensation in the form of stock options. Gil Shwed and Marius Nacht, who are directors of the Company, are also the Chief Executive Officer and Senior Vice President, respectively, of the Company, and therefore their compensation is subject to this shareholder approval requirement.

The audit committee, the Board of Directors and the shareholders of the Company have previously approved the salaries of Messrs. Shwed and Nacht for their services as officers of the Company. The audit committee and the Board of Directors have approved the grant to Mr. Shwed of options to purchase 2,000,000 Ordinary Shares and the grant to Mr. Nacht of options to purchase 1,000,000 Ordinary Shares, all at an exercise price equal to 100% of the closing price of the Ordinary Shares on the NASDAQ Stock Market on the date of the Meeting. It is therefore proposed that the shareholders now approve the option grants to the above officers who are also directors of the Company.

The number of Ordinary Shares beneficially owned by Messrs. Shwed and Nacht, and the number of Ordinary Shares they beneficially own pursuant to stock options exercisable within 60 days from April 30, 2004, are set forth above under the caption "Beneficial Ownership of Securities by Certain Beneficial Owners and Management."

It is proposed that the following resolutions be adopted at the Meeting:

"RESOLVED, that the grant to Gil Shwed of options to purchase 2,000,000 Ordinary Shares and the grant to Marius Nacht of options to purchase 1,000,000 Ordinary Shares, all at an exercise price equal to 100% of the closing price of the Ordinary Shares on the NASDAQ Stock Market on the date of the Meeting and upon the terms approved by the Company's audit committee and Board of Directors, be, and they hereby are, approved."

The affirmative vote of the holders of a majority of the voting power represented at the Meeting in person or by proxy and voting thereon is necessary for the approval of the resolutions to approve executive officers' compensation. **The Board of Directors recommends that the shareholders vote "FOR" the approval of the resolutions to approve executive officers' compensation.**

By Order of the Board of Directors.

GIL SHWED
Chairman of the Board of Directors

Dated: June 4, 2004
