SmartAwareness, powered by Infosec IQ, is a security awareness and training platform.
It's sold as a subscription which includes access to 2,000 awareness training modules, phishing simulation templates, posters, infographics and more.

Platform description:

Check Point SmartAwareness is a security awareness training that empowers employees with the knowledge and skills to stay cyber-secure at work and home. With 1,000s of awareness training resources and phishing simulations, you'll have everything you need to prepare employees to detect, report and outsmart cybercrime.

Platform features and benefits:

- **2,000+ security awareness training modules**: Inspire lasting behavior change with award-winning security awareness training built to capture your employee's attention and reinforce secure habits.

- **1,000+ realistic phishing simulations**: Prepare your employees or the most challenging threats they face by simulating the same domain spoofing techniques, typosquatting and attack types scammers find most effective.

- **Program automation**: Save time and deliver training in the teachable moment by automating training delivery — and reporting for your key stakeholders.

- **Reporting and assessments**: With pre-built automated reports, training campaign summaries and unlimited custom reporting, Check Point SecurityAwareness makes it easy to run a data-driven security awareness and training program.

Who it's for:

- Organizations seeking to identify, transform and mitigate risky user behaviors.

- Any organization seeking compliance with regulations like HIPAA, PCI DSS, FERPA, GDPR and more.
