

<b>Course Objectives</b> .....	1
--------------------------------	---

<b>Preface: Check Point Smart Center for Pointsec - MI</b> .....	1
------------------------------------------------------------------	---

Course Layout .....	2
Prerequisites .....	2
Recommended Setup for Labs .....	3
Lab Topology .....	4
Learn More .....	5

<b>Chapter 1 SmartCenter for Pointsec - MI Overview</b> .....	7
---------------------------------------------------------------	---

Administering Full-Disk Encryption .....	9
What SmartCenter for Pointsec -MI offers .....	10
The SmartCenter MI Management Structure .....	16
MI Components .....	19
Server Side Components .....	21
Client Side Components .....	30
Physical Architecture .....	31
Remote Help .....	33
Lab 1: Installing SmartCenter for Pointsec - MI .....	35
Installing the SmartCenter for Pointsec - MI Database .....	37
Configuring SmartCenter for Pointsec -MI User Accounts .....	53
Installing the Connection Point .....	64
Installing the Management Console .....	73
Installing the Directory Scanner .....	80
Installing the Framework Services .....	89
Review .....	99
Review Questions .....	99

<b>Chapter 2 The SmartCenter for Pointsec -MI Management Console (MIMC)</b> .....	101
-----------------------------------------------------------------------------------	-----

Accessing the Management Console .....	103
Keyboxes and the MIMC .....	103
Opening a Keybox .....	103
About the MIMC .....	106
Management Console .....	106
Management Console Overview .....	106
Menus .....	109
SmartCenter for Pointsec – MI Explorer .....	110
Configuring Management Console Accounts .....	111
Accessing Account Group Settings .....	111
Main Account Group Settings .....	113
Explorer Nodes .....	115
OU .....	116

Device .....	117
User Account .....	118
Group .....	120
Dynamic Tokens .....	121
Logs .....	122
Services .....	123
Device Properties .....	125
Accessing Device Properties .....	125
Resetting a Device .....	130
User Account Properties .....	132
Services .....	142
Working with Connection Points .....	142
Working with Directory Scanners .....	146
Download Locations .....	155
Searching .....	157
Accessing Search Options .....	157
Statistics .....	159
Logging .....	160
Review .....	165
Review Questions .....	165
<b>Chapter 3 The Directory Scanner .....</b>	<b>167</b>
Accessing the Directory Scanner GUI .....	168
The Directory Scanners Tab .....	172
A technical Overview of the Directory Scanner .....	180
Technique Used when Polling for Changes .....	180
Permissions .....	184
Review .....	185
Review Questions .....	185
<b>Chapter 4 Software Modules .....</b>	<b>187</b>
About SmartCenter for Pointsec - MI Modules .....	188
Accessing Modules in SmartCenter for Pointsec - MI .....	189
Accessing Properties for the Security Product .....	191
Review .....	195
Review Questions .....	195
<b>Chapter 5 Virtual Directory Structure .....</b>	<b>197</b>
The Virtual Directory Structure .....	198
Automatic Creation of VDS Objects .....	198
Deleted Computers Node .....	199
Managing VDS Nodes .....	200
Review .....	203
Review Questions .....	203

<b>Chapter 6</b>	<b>The Pointsec MI Device Agent</b>	205
	The SmartCenter MI Device Agent	206
	Monitoring the Device Agent	206
	The Device Agent GUI	209
	Accessing the SmartCenter MI Device Agent GUI	209
	Reviewing Connection Point Information	216
	Lab 2: Configuring and Deploying The Device Agent	219
	Creating the Download Location	220
	Configuring the Connection Point	223
	Configuring the Download Location	227
	Configuring Poll Timers	229
	Creating the Device Agent Installation Package	231
	Installing the Device Agent Installation Package	233
	Configure the Device Agent from the GUI	237
	Review	243
	Review Questions	243
<b>Chapter 7</b>	<b>The User Collector</b>	245
	What is the user collector?	246
	Accessing User Collector Properties	246
	Working with Domain Name Restrictions and Exclusion Lists	250
	Monitoring the User Collector	252
	Acquired Users Displayed in SmartCenter for Pointsec - MI	253
	Lab 3: Configuring and Deploying The User Collector	255
	Installing the User Collector	256
	Preparing the User Collector Files	260
	Configuring User Collector Settings	261
	Creating the User Collector Installation Package	263
	Installing the User Collector on Devices	266
	Review	271
	Review Questions	271
<b>Chapter 8</b>	<b>Full Disk Encryption</b>	273
	The Need for Full Disk Encryption	274
	Pointsec Data-Security Technology	274
	File and Disk Encryption	275
	Boot Protection/Authentication	276
	Full Disk Encryption Security Features	278
	Languages Supported in Pointsec	279
	How It Works	279
	Authentication Methods	280
	Recovery	280
	Authority Levels	281
	Automatic Logging and Centralized Auditing	284
	Remote Help	285
	Full Disk Encryption Licensing	285
	Pointsec Components	286
	Pointsec Database	286

Full Disk Encryption Boot Authentication . . . . .	286
Full Disk Encryption Management Console . . . . .	289
Full Disk Encryption Encryption-Key Generation . . . . .	290
Recovery File-Naming Conventions . . . . .	291
Services and Processes . . . . .	292
Initial Encryption of the Hard Drive . . . . .	294
System Requirements . . . . .	295
Supported Operating Systems . . . . .	295
Operating-System Requirements/Limitations . . . . .	295
File Systems/Volumes/OS Upgrades . . . . .	297
Software Incompatibilities . . . . .	298
Known Limitations . . . . .	298
Lab 4: Full Disk Encryption - MI Client . . . . .	301
Installing the Full Disk Encryption Module . . . . .	302
Creating the Full Disk Encryption Installation Package . . . . .	307
Configuring User Accounts and Security Settings . . . . .	312
Deploying Full Disk Encryption to Client Machines . . . . .	321
Confirming Installation on the Client . . . . .	324
Review . . . . .	327
Review Questions . . . . .	327

<b>Appendix A</b>	<b>Review Answers . . . . .</b>	<b>329</b>
	Chapter: Overview . . . . .	329
	Chapter: MIMC . . . . .	329
	Chapter: Directory Scanner . . . . .	330
	Chapter: Software Modules . . . . .	330
	Chapter: Virtual Directory Structure . . . . .	331
	Chapter: Device Agent . . . . .	332
	Chapter: User Collector . . . . .	332
	Chapter: Full Disk Encryption . . . . .	333
