Banco del Pacifico Thwarts Bank Robbers at their Cyber Gate

Check Point SandBlast Network and R80.10 deliver efficient, easy to manage advanced threat prevention.

Banco del Pacífico

"We're constantly seeing new threats and examining the best technology on the market. We believe Check Point offers the best features in terms of solutions and security."

- José Luis Nath,
  Vice-President of Technology and Security
  Banco del Pacifico

Banco del Pacifico is the second largest bank in Ecuador.

Challenge

- Defend against the escalating scale and growing sophistication of cybercrime
- Improve efficiency, visibility, and control of in-house security resources
- Protect bank's assets and customers' money from thefts

Solution

- Check Point SandBlast™ Network
- Check Point R80.10 Security Management

Results

- Prevented advanced threats from entering the network
- Established a single security management platform, improving visibility of threat landscape
- Safeguarded bank deposits and other assets from cybercriminals
