

Mexican Bank Enhances Security to Better Safeguard Customer Assets and Information

Banregio Gains Advanced Threat Prevention and Unified Security Management with Check Point

The Banregio Grupo Financiero S.A.B. de C.V, trading as Banregio, is one of Mexico's leading regional banks, and today it has over 3,000 employees working at 133 branches across Mexico.

“We decided to install this version of security management to ensure our strategy was centralized, simpler, and allowed more effective decision-making. Check Point R80.10 significantly improved the presentation of information.”

— Víctor Oziel Martínez Vázquez,
Chief Security Officer, Banregio

banregio
