

Connexus Energy Secures SCADA, ICS, and IT Environments with a Single Integrated Solution

Check Point Ruggedized Appliances and Single-Pane-of-Glass Management Elevate Energy Provider's Security Posture to a New Level

Based in Ramsey, Minnesota, Connexus Energy is Minnesota's largest electric cooperative.

“The Check Point 1200R delivered ruggedization, comprehensive security, centralized visibility, and compliance best practices in one product. Its footprint is so small that it easily fit in every environment we needed to place it.”

— Melissa Kjendle, Cybersecurity and Senior Infrastructure Analyst

Challenge

- Protect traditional SCADA and ICS networks from cyberthreats
- Simplify security management

Solution

- Check Point 1200R rugged appliances
- Check Point Compliance Software Blade
- Check Point R80 Security Management

Results

- Gained high availability and reliability across integrated security infrastructure
- Increased security team efficiency and effectiveness through single-pane-of-glass management
- Created a robust incident response plan for the entire company
