

## For complete view of network traffic, ENT Credit Union Gains East-West Network Traffic Visibility with Check Point Next Generation Firewalls.

Check Point firewalls and R80 Cyber Security Management enable complete visibility and rapid incident response.

“Check Point gives us peace of mind, knowing that our members' information stays safe and secure. That peace of mind is invaluable.”

— Scott Perry  
IT Security Architect  
ENT Credit Union

### Challenge

- Improve security posture with ability to see east-west traffic
- Simplify infrastructure complexity

### Solution

- Check Point 15600 Next Generation Security Firewalls
- Check Point R80 Cyber Security Management

### Benefits

- Gained full visibility into east-west traffic for complete view of network traffic
- Simplified security infrastructure and management
- Accelerated response and remediation
