

Dutch Water Resource Board Enhances Network Security and SCADA Systems

Check Point Solutions Improve Compliance and Stop Threats

“Thanks to SandBlast Threat Emulation, we have been able to significantly increase our network security and prevent ongoing attacks. Check Point’s SCADA solution provides us with higher visibility and extended policy granularity, helping us comply with various standards set by the BIWA.”

–René van Hes
System and Network Manager
Hunze en Aa Water Resource Board

The Hunze en Aa Water Resource Board manages water throughout eastern Groningen, the Netherlands.
Industry: Manufacturing

Challenge

- Keep key water control systems up and running
