

# Lightbeam Health Solutions Chooses Check Point to Protect Sensitive Info in Hybrid Cloud Environment

Check Point CloudGuard Extends Advanced Threat Prevention Security

“Our commitment to security is what differentiates our cloud-based service. Check Point cloudGuard IaaS extends the same security that we have in our data centers. We’re not sacrificing protection for agility and scale. Customers’ data is safe no matter where it resides.”

— Jay Orler,  
Vice President, Infrastructure and Security,  
Lightbeam Health Solutions

Lightbeam Health Solutions provides a data analytics platform that unifies claims and clinical data to help healthcare organizations provide superior patient care with lower costs.

## Challenge

- Protect customer data
- Gain consistent security for data center and cloud infrastructure and services
- Keep pace with rapid company growth

## Solution

- Check Point CloudGuard IaaS
- Check Point CloudGuard SaaS
- Check Point R80 Security Management

## Results

- Unified security across physical data centers and public cloud environment
- Comprehensive protections for cloud assets without sacrificing agility or scale
- Simplified security management through a single pane of glass across premises and cloud infrastructure
