

# TopRx protects business continuity with Check Point Harmony endpoint

TopRx is a leading national supplier of generic pharmaceuticals, over-the-counter drugs, vitamins, and home health products.

"I highly recommend Harmony Endpoint. It's very robust and has proven highly effective. TopRx has greatly improved its security posture with far less time invested in maintaining endpoint software."

- Michael Catanzaro, Lead Information Security Engineer, TopRx

Sign up for updates

## Challenges

- Extend robust protection to remote endpoints
- Further enhance security posture with better visibility into threats
- Simplify endpoint security management

## Solutions

- Check Point Harmony Endpoint
- Check Point Next Generation Security Gateways

## Benefits

- Gained continuous protection for all endpoints whether on or off the corporate network
- Proactively detect, identify, and remediate threats with awareness of suspicious tactics, techniques, and procedures
- Simplified endpoint security management while improving overall security posture
