We invite you to attend the Annual General Meeting of Shareholders of Check Point Software Technologies Ltd. (“Check Point”). The meeting will be held on August 10, 2021 at 5:00 P.M. (Israel time), and thereafter as it may be adjourned or postponed from time to time, at Check Point’s principal executive offices at 5 Shlomo Kaplan Street, Tel Aviv 6789159, Israel.

We are sending you this Proxy Statement because you hold Check Point ordinary shares. Our Board of Directors is asking that you sign and send in your proxy card, attached to this Proxy Statement, in order to vote at the meeting or at any adjournment of the meeting.

Agenda Items

The following matters are on the agenda for the meeting:

- (1) to elect six directors – the one-year terms of our current directors who are not outside directors will expire at the meeting, and we are proposing to elect six directors;
- (2) to elect two outside directors – the three-year terms of two of our current outside directors will expire at the meeting, and we are proposing to re-elect two outside directors;
- (3) to set the size of the Board of Directors at nine members in accordance with our Articles of Association;
- (4) to ratify the appointment and compensation of Kost, Forer, Gabbay & Kasierer, a member of Ernst & Young Global, as our independent registered public accounting firm for 2021 – Israeli law requires that we ask you, on an annual basis, to approve our auditors; when this proposal is raised, you will also be invited to discuss our 2020 consolidated financial statements; and
- (5) as required by Israeli law, to approve the compensation for our Chief Executive Officer.

How You Can Vote

You can vote your shares by attending the meeting or by completing and signing a proxy card. Attached is the proxy card for the meeting that is being solicited by our Board of Directors. Please follow the instructions on the proxy card. You may change your mind and cancel your proxy

card by sending us written notice, by signing and returning a proxy card with a later date, or by voting in person or by proxy at the meeting. We will not be able to count a proxy card unless we receive it at our principal executive offices at 5 Shlomo Kaplan Street, Tel Aviv 6789159, Israel, or our registrar and transfer agent receives it in the enclosed envelope, by August 10, 2021 at 6:59 A.M. (Israel time), which is August 9, 2021 at 11:59 P.M. (Eastern daylight time). By signing and returning the proxy card you are confirming that you are not a “controlling shareholder” and do not have a “personal interest” in any proposed resolution, unless you specifically note on the proxy card that you are a “controlling shareholder” or have a “personal interest” with respect to a specific resolution.

Who Can Vote

You are entitled to notice of the meeting and to vote at the meeting if you were a shareholder of record at the close of business on July 1, 2021 (the “Record Date”). You are also entitled to notice of the meeting and to vote at the meeting if you held our ordinary shares through a bank, broker or other nominee that was one of our shareholders of record at the close of business on the Record Date or that appeared in the participant listing of a securities depository on that date. We will commence mailing copies of this Proxy Statement and the proxy cards to our shareholders of record on the Record Date on or about July 6, 2021, and we will solicit proxies primarily by mail and email. The original solicitation of proxies by mail and email may be further supplemented by solicitation by telephone, mail, email and other means by certain of our officers, directors and employees, but they will not receive additional compensation for these services. We will bear the cost of external solicitors and of the solicitation of the proxies, including postage, printing and handling, and will reimburse the reasonable expenses of banks, brokerage firms and others for forwarding material to beneficial owners of our ordinary shares.

Required Vote and Quorum

On July 1, 2021, we had outstanding 132,798,215 ordinary shares. Each ordinary share is entitled to one vote upon each of the matters to be presented at the meeting. The affirmative vote of the holders of a majority of the voting power represented and voting on each of the proposals in person or by proxy is required to approve each of the proposals.

In addition, a special majority vote will be required for approval of the proposals in Items 2 and 5. In order for each of these two proposals to be approved either (i) the affirmative vote of the ordinary shares must include at least a majority of the ordinary shares voted by shareholders who are not controlling shareholders and who do not have a personal interest in the approval of the proposal, or (ii) the total ordinary shares of non-controlling shareholders and non-interested shareholders voted against such proposal must not represent more than two percent of the outstanding ordinary shares.

Under our Articles of Association, the meeting will be properly convened if at least two shareholders attend the meeting in person or sign and return proxies, provided that they hold ordinary shares representing more than 50% of the voting power. This is known as a quorum. If a quorum is not present within half an hour from the time scheduled for the meeting, the meeting will be adjourned for one week, to the same day, time and place, or to a day, time and place proposed by the Chairman of our Board of Directors with the consent of the majority of the voting power represented at the meeting in person or by proxy and voting on the adjournment. Any two

shareholders who attend an adjourned meeting in person or by proxy will constitute a quorum, regardless of the number of ordinary shares they hold or represent. Under Israeli law, broker non-votes and abstentions will be counted toward the required quorum, but will then have no effect on whether the requisite vote is obtained (that is, they will not be counted as voting for or against the proposals to be presented at the meeting).

If a shareholder holds ordinary shares through a bank or broker it is critical for that holder to cast a vote if that holder wants its shares to count. Please note that a shareholder's bank or broker can no longer vote uninstructed shares in the election of directors on a discretionary basis. Thus, if a shareholder holds ordinary shares through a bank or broker and does not instruct the bank or broker how to vote, no votes will be cast on that shareholder's behalf except with respect to the proposal in Item 4 below. The shareholder's bank or broker will, however, continue to have discretion to vote any uninstructed shares on the ratification of the appointment and compensation of Check Point's independent registered public accounting firm (Item 4 of this Proxy Statement).

Our Board of Directors unanimously recommends that you vote "FOR" all proposals under Items 1 through 5 below.

Chelouche and Gecht expire in 2021 and they are standing for reelection at the meeting. Nominees for Outside Director

The Nominating Committee of our Board of Directors recommended that Messrs. Chelouche and Gecht be reelected as outside directors at the meeting for an additional three-year term, and has found that each of Messrs. Chelouche and Gecht has all necessary qualifications required under Israel's Companies Law to be considered an "outside director" and to be considered an "independent director" pursuant to the rules of Nasdaq. Our Audit Committee and our Board of Directors approved the Nominating Committee's recommendation and determined that, in light of the expertise and contribution to our Board of Directors and Board committees of each of Messrs. Chelouche and Gecht, the reelection of each of Messrs. Chelouche and Gecht as an outside director for an additional three-year term would be in Check Point's best interest. If elected at the meeting, each of Messrs. Chelouche and Gecht would serve for a three-year term.

Proposal

We are proposing to adopt the following resolutions:

RESOLVED, that the reelection of Yoav Chelouche to the Board of Directors of Check Point to serve as an outside director for an additional three-year term until the 2024 annual general meeting of shareholders be, and it hereby is, approved; and

FURTHER RESOLVED, that the reelection of Guy Gecht to the Board of Directors of Check Point to serve as an outside director for an

additional three-year term until the 2024 annual general meeting of shareholders be, and it hereby is, approved.

Vote Required

The affirmative vote of the holders of a majority of the voting power represented and voting on this proposal in person or by proxy is necessary to approve the resolution to elect each of Messrs. Chelouche and Gecht as an outside director. In addition, a special majority vote will be required for approval of the proposal. In order for the proposal to be approved either (i) the affirmative vote of the ordinary shares must include at least a majority of the ordinary shares voted by shareholders who are not controlling shareholders and who do not have a personal interest in the approval of the proposal (excluding a personal interest that is not related to a relationship with the controlling shareholders), or (ii) the total ordinary shares of non-controlling shareholders and non-interested shareholders voted against such proposal must not represent more than two percent of the outstanding ordinary shares.

For this purpose, you are asked to indicate on the enclosed proxy card whether you are a controlling shareholder or have a personal interest in the election of the outside directors (excluding a personal interest that is not related to a relationship with a controlling shareholder). Under Israel's Companies Law, in general, a person will be deemed to be a controlling shareholder if the person has the power to direct the activities of the company, otherwise than by reason of being a director or other office holder of the company, and you are deemed to have a personal interest if any member of your immediate family or their spouse has a personal interest in the adoption of the proposal. In addition, you are deemed to have a personal interest if a company, other than Check Point, that is affiliated to you has a personal interest in the adoption of the proposal. Such company is a company in which you or a member of your immediate family serves as a director or chief executive officer, has the right to appoint a director or the chief executive officer, or owns 5% or more of the outstanding shares. However, you are not deemed to have a personal interest in the adoption of the proposal if your interest in such proposal arises solely from your ownership of our shares, or to a matter that is not related to a relationship with a controlling shareholder.

ITEM 3 – SET THE SIZE OF THE BOARD OF DIRECTORS AT NINE MEMBERS

In accordance with our Articles of Association, the Board of Directors shall consist of such number of directors (not less than 6 nor more than 12) as may be fixed, from time to time, by the company's shareholders.

Our Board of Directors currently consists of ten members, and following the decision of Dan Propper, a member of our Board of Directors since 2006, not to stand for re-election at this meeting, the size of the Board will be reduced to nine members.

As described in Item 1, our Board of Directors has determined that each current member of our Board of Directors, including each director nominee, with the exception of Gil Shwed, is an independent director under the applicable Nasdaq regulations and Israel's Companies Law, including all members of our Board of Directors' Audit Committee, Compensation Committee and Nominating Committee.

After taking into account the size and composition of the Board of Directors and the recent changes in Board membership, including the recent addition of two new independent directors since November 2020 (Eyal Waldman and Rupal Hollenbeck), the Nominating Committee of our Board of Directors has recommended to set the size of the Board at nine members, which recommendation was approved by the Board.

Proposal

We are proposing to adopt the following resolution:

RESOLVED, to set the size of our Board of Directors at nine members in accordance with our Articles of Association.

Vote Required

The affirmative vote of the holders of a majority of the voting power represented and voting on this proposal in person or by proxy is necessary to approve the resolution to set the size of the Board at nine members.

In line with his prominent role as a leader of Israel's innovative technology industry, for more than 25 years, Mr. Shwed was granted in 2018 the prestigious *Israel Prize* for his overall contributions to the Israeli technology industry.

Mr. Shwed's unique prominent role in Israel has been a key factor to Check Point's ability to continue to attract and retain leading, innovative R&D experts and software engineers who seek to work and develop under Mr. Shwed's leadership, and to enable Check Point to preserve its record growth and profits for so many years.

Over the years, Mr. Shwed received numerous additional accolades for his individual achievements and industry contributions, including an honorary Doctor of Science from the Technion – Israel Institute of Technology, an honorary Doctor of Science from Tel Aviv University, the World Economic Forum's Global Leader for Tomorrow for his commitment to public affairs and leadership in areas beyond immediate professional interests, and the Academy of Achievement's Golden Plate Award for his innovative contribution to business and technology.

Mr. Shwed also serves as the Chairman of the Board of Trustees of the Youth University of Tel Aviv University and a Tel Aviv University Governor and is a founder of the University's Check Point Institute for Information Security. Additional information on Mr. Shwed's accomplishments, experience and background is available in Item 1 of this Proxy Statement.

Approval Requirements under Israeli Law

Israel's Companies Law provides that the compensation of our Chief Executive Officer and our directors requires the approval of the Compensation Committee, our Board of Directors and our shareholders. This includes cash compensation as well as compensation in the form of equity awards. Accordingly, the proposed option grant to Mr. Shwed, which was approved and recommended by our Compensation Committee and our Board of Directors, also requires shareholder approval at the meeting.

The shareholder vote on this matter is binding under Israeli law and not merely advisory, unlike the "say-on-pay" votes found in some proxy statements for U.S. domestic companies, other than in special circumstances prescribed by Israel's Companies Law, where the Compensation Committee and our Board of Directors may override the shareholders' decision to oppose the option award proposal, subject to certain conditions, and only after they evaluate the reasons for which the shareholders voted against such proposal and still believe the compensation is warranted for special reasons identified.

If this proposal is not approved by the affirmative vote of our shareholders, we will NOT grant the option award or pay any other compensation to our Chief Executive Officer for 2021, and Mr. Shwed's sole compensation for 2021 will equal the statutory minimum wage in Israel

(approximately \$1,500 per month).

Chief Executive Officer Compensation Review

As stated in *Check Point's Executive Compensation Policy*, which applies to our Chief Executive Officer as well as to our other executives, our Compensation Committee and our Board of Directors believe that strong, effective leadership is fundamental to Check Point's continued growth and success in the future.

In reviewing and setting compensation of our Chief Executive Officer, the Compensation Committee considered, among other things, the following factors:

- Mr. Shwed's unique, global leadership role in the global cybersecurity industry for more than 25 years, being considered *the inventor of the modern firewall*;
- Mr. Shwed's unique prominent role in Israel which has been a key factor to Check Point's ability to continue to attract and retain leading, innovative R&D experts and software engineers who seek to work and develop under Mr. Shwed's leadership, and to enable Check Point to preserve its record growth and profits for so many years;
- Mr. Shwed's success in maintaining a stable management team, creating new and successful leadership and maintaining a corporate culture which inspires our workforce;
- the ongoing long-term active committed contribution of Mr. Shwed to Check Point's sustained growth and long-term success;
- the estimation of Mr. Shwed's expected contributions to the future growth of Check Point;
- the difficulty and cost of replacing a high-performing leader and founder and the potential ramifications for Check Point's short-term and long-term success if Mr. Shwed were to depart from Check Point;
- the benefit of compensating Mr. Shwed with a simple, straight forward long-term option award, which is 100% tied to Check Point's shareholders' interest, on the one hand, and is the most effective incentive tool for a long-term leader and founder as Mr. Shwed, on the other hand;
- the fact that options, unlike restricted shares or restricted stock units ("RSUs"), do not reward for under performance, as their entire gain is subject to share price appreciation;
- the fact that options include an inherent market-linked key performance indicator (KPI) and Mr. Shwed will not realize any gain or compensation if Check Point's share price does not increase above the exercise price of the options;
- the fact that Mr. Shwed has requested not to be paid any cash bonus or be granted

any “*in-the-money*” restricted shares or RSU awards (which inherently include a guaranteed portion) as part of his compensation package, *thereby fully aligning his interest with the interests of Check Point’s shareholders*;

- the Black-Scholes-Merton value of the proposed option award and alternative option awards, based on award volume and vesting duration;
- Mr. Shwed’s historical option grants relative to the proposed option award, both in Black-Scholes-Merton value and in the number of ordinary shares underlying the options;
- the responsibilities and duties performed by Mr. Shwed as Chief Executive Officer;
- data from an independent analysis of compensation awarded to chief executive officers of several companies in our peer group, as provided by Compensia (as described below);
- the fact that the proposed option award places Mr. Shwed’s compensation below the 75th percentile of chief executive officers in our peer group;
- feedback solicited by our management and our Board of Directors from our largest shareholders in order to ensure that the proposed compensation plan is aligned with shareholders’ interests; and
- the motivation of a long-term option award to the achievement of results with integrity and fairness.

Independent Compensation Advisor. The Compensation Committee also directly engaged the services of Compensia, a leading global provider of consulting services relating to human capital and compensation, to ensure that Check Point’s compensation practices are aligned with, and competitive relative to, market practices. Compensia reported directly to the Compensation Committee and the Compensation Committee determined Compensia to be independent.

Compensia provided input on a range of external market factors, including appropriate comparison companies for assessing our competitive market position and comparable executive compensation arrangements, including an analysis of Check Point’s executive compensation arrangements relative to that of several companies within our peer group.

Peer Group. Our peer group was initially constructed with the advice and assistance of Mercer LLC, another leading global provider of consulting services relating to human capital and compensation, and is reviewed and re-assessed periodically by our Compensation Committee.

Our peer group is made up of between 15 to 20 companies, which are most comparable to Check Point on a range of criteria, including industry (mainly software and IT services), market capitalization, revenue and/or profitability, while taking into account Check Point’s unique position in the industry, being a company that maintains significant high-margin profits and generates significant cash-flow year after year.

The members of our current peer group, which consists of 19 companies, are listed below:

Ansys Inc.	Autodesk Inc.	Cadence Design Systems Inc.
CDK Global Inc.	Citrix Systems Inc.	Dropbox Inc.
FireEye Inc.	Fortinet Inc.	J2 Global Inc.

Chief Executive Officer Option Award

Following the review of each of the considerations described above under “*Chief Executive Officer Compensation Review*”, our Compensation Committee, in consultation with Compensia, has approved and recommended, a simple, straight forward long-term option award, as outlined below, with the objective of continuing to *fully* align all of Mr. Shwed’s compensation with shareholder interests and long-term company value.

The Compensation Committee, in consultation with Compensia, believes that the proposed option award, which is 100% tied to Check Point’s shareholders interest, is the most effective incentive tool to maintain a long-term market leader and founder as Mr. Shwed, and to ensure the continued short- and long-term success of Check Point under Mr. Shwed’s leadership.

The Compensation Committee believes that the proposed option award, which places Mr. Shwed’s compensation below the 75th percentile of chief executive officers in our peer group, is in the best interest of the shareholders, particularly when taking into account that the entire compensation consists of options that bear a higher risk than restricted shares or RSUs, and the fact that most of the chief executive officers in our peer group are not long-term market leaders and company founders like Mr. Shwed.

Mr. Shwed supports the Compensation Committee’s position that he be granted only options and not restricted shares or RSUs, despite the fact that restricted shares or RSUs would provide considerable compensation even if the ordinary share price remains stable or declines.

Following is a summary of the key terms of the proposed option award:

Equity Type:

Mr. Shwed’s proposed equity component will be comprised 100% of options. No RSUs or restricted shares or other equity awards which also reward for under performance.

Number of Ordinary Shares Subject to Option to be Granted

Mr. Shwed will be granted an option to purchase 500,000 ordinary shares of Check Point. The number of ordinary shares subject to the option award is the same number of ordinary shares granted in 2020 and is significantly less than the number of ordinary shares that were subject to the annual option awards granted to Mr. Shwed in prior years.

In the years 2011-2015, Mr. Shwed was granted an option to purchase 1,600,000 ordinary shares, in the years 2016-2019 such amount was reduced to 1,300,000 ordinary shares, in 2020 such amount was further reduced to 500,000 ordinary shares, and, as noted above, in 2021, it is proposed that such amount be 500,000 ordinary shares, consistent with 2020.

Based on an assumed exercise price of \$118.6175 (equal to the average closing price of Check Point's ordinary shares on the Nasdaq Global Select Market during the 20 trading days ending July 1, 2021), the Black-Scholes-Merton value of such option award would have been approximately \$13.8 million. The expense will be recorded in our financial statements over the four-year vesting period of the option award. Since the Black-Scholes-Merton model is merely a financial model that determines the accounting value of the grant, it does not guarantee any actual economic gain to Mr. Shwed.

The following table presents summary information regarding the compensation paid to, or earned by, Mr. Shwed in each of the three years ended December 31, 2020, 2019 and 2018, and as proposed to be paid to, or earned by, Mr. Shwed in the year ended December 31, 2021:

Name	Year	Annual Salary	Stock Awards	Option Awards (#)	Exercise Price	Option Awards (\$)	Non-Equity Incentive Plan Compensation	All Other Compensation	Total
Gil Shwed (Chief Executive Officer)	2021	\$19,503	--	500,000	\$118.6175	\$13,758,450		\$17,823	\$13,795,776
	2020	\$19,782	--	500,000	\$122.41	\$13,799,300		\$18,078	\$13,837,160
	2019	\$16,961	--	1,300,000	\$114.23	\$34,789,690	--	\$12,557	\$34,819,208
	2018	\$15,555	--	1,300,000	\$114.81	\$43,897,490	--	\$13,178	\$43,926,223

* The value of the option awards was calculated based on the Black-Scholes-Merton model. In the case of 2021, the value of the option award is calculated based on an assumed exercise price of \$118.6175 (equal to the average closing price of Check Point's ordinary shares on the Nasdaq Global Select Market during the 20 trading days ending July 1, 2021). The actual value of the 2021 option award will be calculated on the date of grant based on the closing price of Check Point's ordinary shares on such date.

** The salary and other compensation presented in the table were paid in NIS and were converted into US\$ based on the NIS/US\$ exchange rate at the end of the applicable year. In the case of 2021, the amounts are estimated and converted based on the NIS/US\$ exchange rate on July 1, 2021.

Mr. Shwed will only realize an economic gain from such option grant, if the share price increases and exceeds the exercise price, irrespective of the Black-Scholes-Merton value of the option granted.

Exercise Price

The exercise price of the option award shall equal 100% of the closing price of Check Point's ordinary shares on the Nasdaq Global Select Market on the date of the meeting.

No Repricing

The Compensation Committee and our Board of Directors have no authority to re-price the exercise price of the option award, without first obtaining shareholder approval.

Four-Year Vesting Period

Long-term, annual vesting over a four-year period, with an option to purchase 100,000 ordinary shares (20% of the award) vesting on each of the following dates: 6 months, 12 months, 24 months, 36 months and 48 months after the date of the meeting, subject to Mr. Shwed's continued employment by Check Point on each applicable vesting date.

No Vesting Acceleration

The Compensation Committee and our Board of Directors have no authority to accelerate the vesting of the option award due to a change of control event or otherwise, without first obtaining shareholder approval.

Term

The option award shall terminate seven years after the date of grant if not exercised.

Additional Information

As of December 31, 2020, the number of company equity awards outstanding was 7.5% of the sum of (i) the number of ordinary shares issued and outstanding on such date and (ii) the number of ordinary shares reserved and authorized under the our equity incentive plans for outstanding awards granted under the equity incentive plans as of such date, or 7.8%, assuming the proposed option grant to Mr. Shwed subject to approval hereby, would have been granted as of December 31, 2020.

In connection with their review, our Compensation Committee and our Board of Directors further confirmed that, it is the intention of Check Point that the number of company equity awards outstanding shall continue in the future not to exceed 10% of the sum of (i) the number of ordinary shares issued and outstanding on such date and (ii) the number of ordinary shares reserved and authorized under the equity incentive plans for outstanding awards granted under the equity incentive plans as of such date.

The number of ordinary shares beneficially owned by Mr. Shwed, and the number of ordinary shares he beneficially owns pursuant to stock options exercisable within 60 days after July 1, 2021, are set forth above under the caption "*Beneficial Ownership of Securities by Certain Beneficial Owners and Management.*"

Recommendation

Our Compensation Committee and our Board of Directors believe that it is in the best interest of our shareholders and Check Point to approve the option award grant to Mr. Shwed, and recommend that the shareholders approve the proposed grant.

The proposed option award links Mr. Shwed's compensation to the creation of shareholder value. If this proposal is not approved at the meeting, our Board of Directors and Compensation Committee believe it could impede our ability to incentivize Mr. Shwed to continue delivering value to our shareholders, thereby potentially posing a material risk to Check Point's short- and long-term success.

Proposal

We are proposing to adopt the following resolution:

RESOLVED, that the grant to Gil Shwed of an option to purchase 500,000 ordinary shares at an exercise price equal to 100% of the closing price of the ordinary shares on the Nasdaq Global Select Market on the date of the 2021 Annual General Meeting of Shareholders and upon the terms recommended by the Compensation Committee and approved by the Board of Directors of Check Point be, and it hereby is, approved.
