Training Partner

A strategic partnership dedicated to providing high-quality education, our Authorized Training Center (ATC) Program offers convenient access to the latest technical product training. We develop detailed course materials, lab exercises instructor guides, sales, and marketing materials. The ATCs provide certified instructors, facilities, and training resources and are the main education contacts for Check Point customers.

Small and Medium Business Partner

Help protect small businesses with a single security solution that protects all their security needs. Sell seamless security that works where small business works and is an easy add-on to any security solution. Add our award-winning firewall gateway for advanced malware prevention that protects against viruses and dangerous websites.

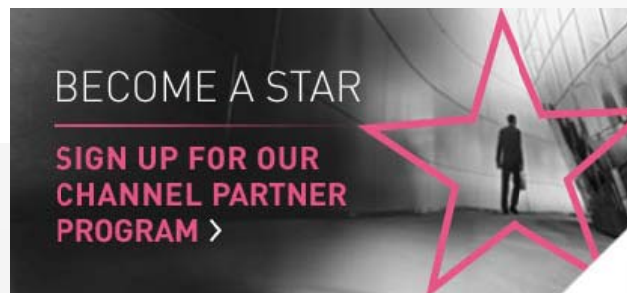

Distributor

Are you a large experienced reseller with a proven market track record? Strengthen your IT security business by becoming a Certified Distributor. Develop markets by recruiting and cultivating your own resellers through this program. Our Certified Distributors perform important value-added services on behalf of Check Point, including managing reseller relationships, processing reseller orders and supporting resellers.

Get Started Today

We are a 100% channel-driven company and our partners are the best in the security industry. As a partner you gain immediate access to accelerated sales team training, free certification and training for your technical team, and co-op funds to grow your business.
