CloudGuard Network Security on Azure. FAQ

Q: How will the Q&A session with the Check Point Cloud Security Expert be set up?
A: Check Point will contact you to schedule your Q&A session, and share the Azure compute credit.

Q: Which plan is recommended to get started?
A: We recommend **Check Point CloudGuard Single Gateway**.

Q: Do you offer Bring-Your-Own-License (BYOL) and Pay-As-You-Go (PAYG)?
A: Yes! Premium Support is included in PAYG. More details can be found at:
https://www.checkpoint.com/support-services/support-plans/

Q: How do I open a support ticket?
A: Sign-up for a Check Point User Center account here:
https://accounts.checkpoint.com

Q: How do I receive the $1K Azure compute credit?
A: Check Point will contact you to receive the relevant information and pass to Microsoft.

Q: Which Azure VMs are supported, and what is the pricing model?

A: Please refer to https://supportcenter.checkpoint.com/supportcenter/portal?eventSubmit_doGoviewsolutiondetails=&solutionid=sk109360#Pricing%20in%20Azure%20Marketplace
