

SecureAcademy™ Program

Our mission is to provide global education on Cyber Security by partnering with colleges and continuing education institutions. We encourage institutions to collaborate with Check Point to prepare today's students with the vital technology skills needed to protect our future.

BENEFITS

SecureAcademy™ partners receive exclusive benefits, tools and resources to promote the institution, Cyber Security courses and certifications, including:

- **FREE** training materials that promote in-demand job skills for students
- **FREE** annual membership
- **FREE** certification exam voucher for instructors
- **FREE** software licenses
- Employment opportunities at Check Point and/or its affiliates
- Newsletters and access to Cyber Security Community forums
- Listed as SecureAcademy™ partner to increase student enrollment
- Direct marketing, sales, and advertising tools available to customize and advertise SecureAcademy™
- Valuable instructor support materials including lab topologies, worksheets, presentations, and more

PROGRAM REQUIREMENTS

- Program application
- Program contract
- Each instructor must have a trainer or teacher certification
- Maintain a minimum of one Check Point certified instructor (minimum CCSA, current version; CCSE is preferred) per location
- All instructors must be certified on the specific Check Point products and product versions of course
- Individual workstations for each student
- Submission of student roster
- All Check Point authorized training classes must use Check Point developed courseware and supplemental materials. Courseware is available in electronic format only
